FEATURES

The T711 helmet inspired by an American style is the result of research and innovation, able to encapsulate the highest quality performance and safety. Helmet made of fiber with a double outer shell and a full shell that guarantee lightness and rigidity to the product. The visor with adjustable length, in the final part, the result of careful collaboration between the technical team and the riders, allowed to ensure less impact of mud on the mask during the race. The 18 air intakes in the helmet ensure excellent air flow so as to achieve excellent breathability. All this aided by the soft touch system that ensures high moisture evacuation. The provision of the hydration system allows the rider constant water consumption even during longer rides.
